

EASTON PEARSON
 Gallery of Modern Art, Brisbane
 22 August – 8 November 2009

This survey exhibition celebrates the internationally acclaimed fashion house of Easton Pearson: the Designers and Directors are Lydia Pearson and Pamela Easton. The design partnership was established in 1989 and while based in Brisbane, the pair now supplies 100 stores worldwide. Their inspiration and influences come from 'varied terrain – from Asian, Pacific, African and European sources, from historical predecessors, from vintage clothes, from museums, archives and films, from books and from the designers' own travels.'
