WORK WITH  
MARTIN ROBERTS...

Martin Roberts is one of the 17 tutors of the sixth 'April FORUM - Orange' which takes place at Kinross-Wolaroi School in Orange, NSW from 11-17 April, 2010. Several workshops have already filled but some excellent options remain available including *TEXTILE IMAGERY* with Roberts, formerly from Ireland, now making his home in Sydney. Combine drawing, hand basting, collage, painting and machine embroidery to create personal textile images like Port Douglas Palms, seen here - or work with the human figure or the dreamscape - your choice. Build up a layered surface of textures, shapes and colours.

Details on The April FORUM 2010 from Janet De Boer: [tafta@iinet.net.au](mailto:tafta@iinet.net.au) Ask about an enrolment form and full information on the workshops remaining open for enrolment at this very popular annual FORUM.
